

We go to the collection point

don't put us with the non-recyclable waste!

Batteries & rechargeable batteries

Alkaline, nickel/cadmium, zinc/carbon, nickel-metal hydride, lithium batteries (from e-bikes, smartphones, tablets, etc.)

Please tape over the exposed contacts of the lithium batteries/rechargeable batteries!

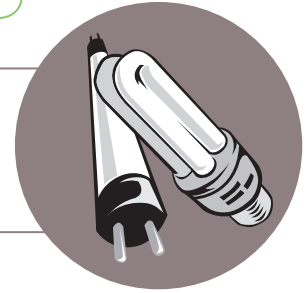

Small electrical appliances

Mobile phones, printers, scanners, radios, mixers, hairdryers, vacuum cleaners, etc.

Glow-discharge lamps

Energy saving lamps, LEDs, neon lights, etc.

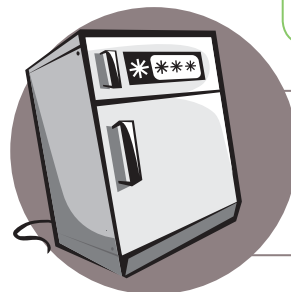

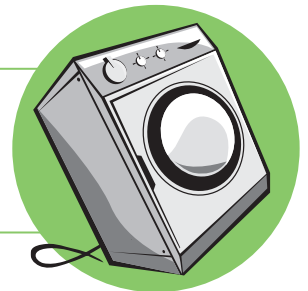

Display devices

Tablets, televisions, monitors, etc.

Large electrical appliances

Washing machines, dishwashers, etc.

Cooling units

Refrigerators, freezers, etc.

All collection points at www.elektro-ade.at

Returns to stores: **Old portable batteries** can be returned to stores that sell portable batteries, regardless whether you also make a new purchase at the same time; they are collected in battery collection boxes. **Old electronic devices** can be returned to distributors when buying a new, similar device. (This return obligation does not apply to distributors with a sales area of less than 150m².)
